<b>16. Academic bank of credits (ABC):</b>	
Our affiliating University adopted NEP2020 which has inbuilt mechanism of ABC for the learner.	
<b>17. Skill development:</b>	

Skill development for our institution involves various strategies and initiatives aimed at enhancing the skills and competencies of students, faculty, and staff to meet the demands of the evolving circumstances. Our Institution uses some key skill development Programs such as: Curriculum Enhancement: Our institution integrates skill development components into the curriculum across various disciplines. This includes practical training, internships, Project-based learning and workshops focused on the development of specific skills relevant to each field of study. Collaboration with other Institutions: Foster partnerships with other institutions to identify skill gaps and educational programs to meet present needs. Collaboration with other institution experts to design specialized training programs, guest lectures, and internships that provide real experience and insights. Professional Development Programs: Our institution offers professional development programs for faculty and staff to enhance their teaching methodologies and technical skills. Provide opportunities for faculty to attend conferences, workshops, and seminars to stay updated with the latest trends and innovations in their respective fields. Skill-based Certification Programs: Our institution provides skill-based certification programs in YOGA and TOURISM. This validates the skills acquired by students and enhances their employability prospects in relevant fields. Soft Skill Development: Our institution offers training programs to develop essential soft skills such as communication, teamwork, leadership, time management, and critical thinking. These skills are crucial for success in the workplace and should be integrated into the curriculum and co-curricular activities. Technology Integration: Leverage technology for skill development through online courses, virtual labs, simulation exercises, and digital resources. Encourage students to use technology tools and platforms to enhance their technical skills and digital literacy. Career Guidance and Placement Services: The institution provides career guidance counseling and placement counseling to help students identify their strengths, interests, and career goals. Through effective programmes in these areas we try to cultivate a skilled work culture that is well-equipped to provide success in contemporary competitive and dynamic job market.

**18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

To integrate the Indian Knowledge system into education, our institution has tried to involve a multifaceted approach that respects the rich cultural heritage and linguistic diversity of the region. Here's how our institution appropriately integrates Indian knowledge systems while considering teaching in Indian languages and

**incorporating cultural elements: Curriculum Design and Localization:** Our institution has tried to adopt a curriculum that incorporates elements of the Indian knowledge system while aligning with national educational standards. This involves offering courses on Indian Philosophy, History, literature, art, and science in addition to mainstream subjects which ensure that the curriculum reflects the cultural nuances and heritage of our India. **Teaching in Indian Language:** Our institution offers courses and instructional materials in Indian Languages such as Hindi, and Sanskrit. This not only helps in preserving and promoting linguistic diversity but also makes education more accessible and relatable to local students. **Cultural Immersion and Experiences:** Our Institution tries to organize cultural immersion programs, festivals, and events that celebrate the rich cultural heritage of our region. It encourages students to actively participate in cultural activities, traditional art forms, music, dance, and cuisine to deepen their understanding and appreciation of our Indian and local culture. **Research and Documentation:** Our institution encourages research and documentation of indigenous knowledge, cultural practices, and historical narratives relevant to our region , and supports faculty and students in conducting archival research and oral history projects that contribute to the preservation and dissemination of local knowledge. **Inclusive Teaching Strategies:** Our institution has adopted inclusive pedagogical practices that cater to the various learning preferences and backgrounds of students of our region. It includes project-based learning, group debates, storytelling, and experiential learning in ways that speak to students' cultural experiences and viewpoints. Our institution consistently seeks to produce the environment for the appropriate integration of the Indian knowledge system, fostering a sense of cultural pride, identity, and intellectual curiosity among students and faculty alike.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Outcome-based education (OBE) is a student-centric approach to education focused on establishing clear learning objectives that students are expected to achieve by the end of a course or program. Our Institution continuously prioritizes OBE through effective curriculum delivery such as: **Defining Learning Outcomes:** Our Institution has clearly stated the knowledge, abilities, and competencies that students must possess at the end of a course or program is how to establish the intended learning outcomes. These outcomes are measurable, observable, and achievable within a specified time frame. **Curriculum and Outcome Alignment:** Our Institutional curriculum and instructional activities with the

specified learning outcomes in mind. We make sure that the teaching strategies, assessments, and course material are all closely related to the intended results, giving students the chance to learn and apply the necessary competencies. Evaluation Techniques: We have created suitable evaluation techniques to gauge students' mastery of the learning objectives or outcomes. To evaluate students learning we use a range of normative, formative and summative techniques, including group discussion, exams, assignments, dissertations ,projects, portfolios, presentations, and performance-based evaluations. Feedback and Ongoing Improvement: We provide timely and constructive feedback to the student on their progres achieving the learning objectives and outcomes. It helps us to promote a culture of continuous improvement, and identify areas for curriculum, instructional tactics, and assessment processes that need to be improved by using assessment data and student feedback. Student-Centered Learning: Our Institution encourages active, student-centered learning strategies that engage students in the educational process and support self-directed learning. To facilitate the achievement of learning outcomes, we provide opportunities for inquiry-based learning, problem-solving, critical thinking, and cooperative activities. Faculty Development: The institution provides training for faculty members in incorporating OBE principles into their instruction in efficient teaching practices. This includes workshops, seminars, and resources on curriculum design, assessment strategies, and pedagogical approaches aligned with OBE principles. Data Collection, Analysis, and Reporting: We evaluate the success of OBE implementation, and gather and examine data on student learning outcomes. We use data analytics and assessment results to generate reports and make data-driven decisions for curriculum revision and program improvement. To guarantee that learning outcomes are current and in line with external norms, and expectations, involve stakeholders in their design and review, including employers, business leaders, alumni, and regulatory agencies.

## **20.Distance education/online education:**

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

For Continuous Internal Evaluation (CIE), our institution involves several steps and practices to adhere to the academic calendar, which are given below:

**Designing the Academic Calendar:**Our institution begins with the development of an academic calendar that highlights the most important dates and events of the academic year. This includes the start and end date of each term, a list of holidays, an exam schedule, and other academic activities.

**Communication with Stakeholders:**Our academic calendar is communicated to students, faculty, and staff through proper channels such as the institutional website, emails, posters, and announcements. This ensures that everyone knows important dates and deadlines.

**CIE Schedule:**Our institution prepares a schedule for conducting continuous internal evaluations during the academic year. This may include regular quizzes, assignments, projects, presentations, and other assessments designed to measure the progress of our students.

**Flexibility In CIE:** The institutional schedule is designed to allow flexibility to accommodate unforeseen circumstances or events that

may arise during the academic year. This provides a fruitful opportunity and planks to grow academically.

In Nutshell, we provide the stakeholders with a better learning platform.

### 1.3 - Curriculum Enrichment

#### 1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

To incorporate cross-cutting concerns about gender, human values, and environment sustainability into the curriculum, our institution uses the following tactics to accomplish the integration:

Curriculum Mapping: We examine the current curriculum in detail to find opportunities for integrating cross-cutting issues by providing

courses and disciplines that pertain to gender, human values, and environment sustainability.

**Multidisciplinary Courses:**Our Institution adopted courses offered by affiliating universities, which are interdisciplinary and address intersecting issues and topics.

**Ethics Education:**Our Institution, provides stand alone classes on ethics and value education. It covers topics including social responsibility, ethnicity, accountability, honesty, and integrity;emphasizing their relevance in professional practice.

**Gender Sensitization:**To integrate gender equality and social inclusion, gender sensitization and awareness-raising activities are also incorporated into the curriculum through marches by NSS,NCC, and Scout Guide. It incorporates talks on gender bias, stereotypes, and the effects of gender norms on people and society.

**Integrate Values Education:**We have incorporated value education into the curriculum to cultivate ethical behavior, empathy, and compassion. We give opportunity to students to consider their ethical principles, values, and beliefs.

**Environmental Education:**Our curriculum framework is designed in a way that it includes environmental education to increase student understanding of ecological sustainability,and the relationship between human and the environment.

<b>2.2 - Catering to Student Diversity</b>	
2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners	
Assessing the learning levels of students aims to cater to the	

diverse needs of students and ensures that they receive an education that is tailored to their abilities and learning pace.

**Assessment of Learning Levels:** The institution conducts thorough assessments to gauge the learning levels of students. In the form of standardized tests, teacher evaluations, project-based assessments, and classroom observations. The goal is to understand the strengths and weaknesses of each student and identify those who need additional support.

**Identification of Advanced Learners:** Through the assessment process, advanced learners are identified as students who exhibit exceptional abilities beyond their grade level grasp concepts quickly, and show a thirst for more challenging material.

**Identification of Slow Learners:** Similarly, slow learners are identified as students who face difficulties in keeping up with the standard pace of learning at their grade level and may require more time and support to grasp concepts and achieve academic success.

**Special Programs for Slow Learners:** Slow learners can benefit from tailored intervention programs aimed at addressing their specific learning needs. In our institution, differentiated instructions and collaborative learning opportunities with peers are provided.

**Inclusive Learning Environment:** Institutions try to provide an inclusive learning environment to both types of learners.

### 2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

For effective learning of students, the student-centric methodology is adopted. PowerPoint presentations are used to take lectures to make learning effective. Some topics are taught through short videos through online mode. Discussion method is also adopted to involve more and more students to enhance their communication skill. Field excursions are also undertaken for practical learning of students.

In addition to the conventional classroom, instruction for Experiential Learning are given below-

- In-House Student projects (by students of History, Education)
- Off-Campus projects/field work related to real world problems (by students of Economics, Sociology, Human Rights, Women's Studies,)
- Demonstration of experiments and Fieldwork Visit (by students of Botany and Geography)
- Group discussions, Debate, Essay & Quiz session under the supervision of faculty members.
- Internship Program for the students of B.Ed Students

Participative learning

- Seminars, Webinars, Workshops & Special Lectures organized by the departments for Students & Teachers.
- Active participation of students in various activities beyond the classroom.
- Students are motivated to participate in various learning platforms offered by the college.
- For each semester, the students have to submit one assignment for each course and are given weightage in the continuous internal assessment mark.
- The college promotes learning by inculcating creative skills among the students.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in

maximum of 200 words

Teachers often use Information and Communication Technology (ICT) enabled tools to enhance the teaching-learning process in modern educational settings. Some of the ways in which teachers use ICT for effective teaching and learning include:

**Interactive Presentations:** Teachers create engaging and interactive presentations using tools like Microsoft PowerPoint, Google Slides. These presentations incorporate multimedia elements such as images, videos, and audio, making the learning experience more dynamic and enjoyable.

**Online Learning Platforms:** Teachers leverage online learning platforms and Learning Management Systems (LMS) to manage course materials, assignments, quizzes, and discussions. Popular platforms include Moodle, Canvas, Blackboard, and Google Classroom.

**Video Conferencing:** With the rise of remote and blended learning, video conferencing tools like Zoom, Microsoft Teams, or Google Meet enable teachers to conduct virtual classes and interact with students in real time.

**Collaborative Tools:** Teachers use collaborative tools like Google Docs, Microsoft Office 365, or online whiteboards to foster teamwork among students and encourage group projects.

**Digital Assessment:** Online quizzes, tests, and assignments enable teachers to assess students' progress efficiently and provide timely feedback.

**Educational Websites and Resources:** Teachers recommend reputable educational websites and online resources to supplement their lessons and offer additional learning materials for students.

**2.5 - Evaluation Process and Reforms**

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

To ensure transparency and robustness, certain principles and practices are implemented by our institution:

**Clear Assessment Criteria:** The assessment criteria is well-defined and communicated to both students and teachers. Students have a clear understanding of what is expected of them and how their performance will be evaluated.

**Frequent Assessments:** Regular and frequent assessments throughout the academic year provide a more comprehensive understanding of a student's progress. These are taken in the form of quizzes, class tests, projects, presentations, and more.

**Diverse Assessment Modes:** A variety of assessment modes are employed to accommodate different learning styles and abilities. This includes written tests, oral examinations, practical assessments, group projects, and peer evaluations.

**Continuous Feedback:** Regularly feedback is provided to the students, that helps them understand their strengths as well as their weaknesses, and offer suggestions for the improvement of the students.

**Involvement of Multiple Faculty:** Multiple faculty members are involved in the assessment process that leads to more objectives and reliable evaluations.

**Use of Technology:** Technology aids in automating assessment processes and provide data-driven insights into student performance. Records are made and saved for future to make assessment more

transparent.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

For dealing with internal examination-related grievances transparently, in a time-bound and efficient manner, the institution has a transparent mechanism such as:

**Clearly Communicate Policies:** Ensure that examination policies, rules, and procedures are well-documented and readily available to all students. This includes information on grading criteria, evaluation methods, and the steps to raise grievances.

**Establish Grievance Cell:** A dedicated grievance committee is there that is responsible for handling examination-related issues. This body consists of impartial faculty members and administrators.

**Accessible Contact Information:** The contact information of the grievance cell, including email addresses and phone numbers, is published. This allows students to reach out easily with their grievances.

**Time-Bound Response:** Clear timelines for the resolution of grievances is there. For instance, a preliminary response acknowledging receipt of the grievance issue within a specific period. The final resolution has a slightly longer timeframe, depending on the complexity of the issue.

**Investigation and Review:** The grievance committee conducts a thorough investigation into the matter. This involves reviewing exam papers, discussing with faculty, or interviewing concerned students.

**Documentation:** Maintenance of records of all grievances, the steps taken to resolve them, and the outcomes. This documentation helps track patterns and improve the overall examination process.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

**Programme Outcomes (POs):** Evaluation of POs involves assessing whether the graduates of the program possess the necessary skills, knowledge, and attitudes expected of them.

**Methods of evaluation:**

- **Surveys:** Institutions often conduct surveys of graduates and employers to gather feedback on how well the graduates have met the intended outcomes.
- **Capstone projects and internships:** Assessing the performance of students in real-world projects or during internships can gauge their application of knowledge and skills acquired during the program.
- **Standardized tests:** Some institutions may use standardized tests to measure the overall knowledge and competence of graduates in their respective fields.
- **Accreditation and assessment reports:** External bodies/agencies may evaluate the program and provide reports on its quality and alignment with the intended outcomes.

**Course Outcomes (COs):** Institution is more granular and focus on the knowledge and skills that students are expected to gain upon completing each course.

**Methods of evaluation:**

- **Assessment methods:** Various assessment methods like exams, quizzes, projects, presentations, and assignments are used to evaluate students' performance in each course.
- **Feedback and self-assessment:** Encouraging students to provide feedback on the course to improve the learning experience.
- **Continuous improvement:** Faculty and institutions analyze the assessment data to identify areas for improvement in course delivery.

## 3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

Establishing an environment conducive to innovation and facilitating the creation and transfer of knowledge can greatly benefit various

sectors of society and the economy. Our institution is geared towards these goals and plays a pivotal role in advancing technology, research, and development, while also nurturing collaboration and education among individuals and organizations.

**Research and Development (R&D) Laboratories:** The institution maintains specialized labs dedicated to various fields (e.g. Botany, Zoology, Physics, Chemistry, Geography), enabling cutting-edge research and experimentation.

**Collaborative Environments:** The institute offers shared spaces like co-working areas, fostering interaction and idea exchange among researchers and experts from diverse backgrounds.

**Financial Assistance:** Support in the form of grants and seed funding is accessible to many researchers and scholars affiliated with the institution.

**Training Programs and Workshops:** Regular workshops and seminars are organized to enhance participants' skills and knowledge, promoting a culture of lifelong learning.

**Intellectual Property Management:** Effective mechanisms are implemented to manage intellectual property, safeguarding innovations and incentivizing further research and development.

**Community Engagement:** These institutions actively connect with local communities and educational institutions to raise awareness about innovation, research, and the significance of knowledge creation.

### 3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Participating in extension activities with the local community enriches student's academic learning and contributes in their overall growth and understanding of societal issues. These activities typically involve students in various community projects and initiatives that tackle local needs and promote awareness about social concerns such as:

**Application of Academic Knowledge:** Extension activities allow students to put their classroom learning into practice in real-world settings.

**Enhanced Empathy and Social Awareness:** By collaborating with community members of diverse backgrounds, students develop empathy and an understanding of social challenges, fostering greater sensitivity towards others' struggles.

**Development of Leadership and Teamwork Skills:** Involvement in extension activities often requires teamwork and leadership roles, helping students improve their ability to work effectively in groups.

**Fostering Civic Responsibility:** Engagement in community-based projects instills a sense of civic duty in students, encouraging them to actively contribute to the improvement of their society and become more accountable citizens.

**Strengthening Sense of Belonging:** Collaborating with the community cultivates a sense of belonging and connection among students, fostering stronger bonds with local residents.

**Promoting Community Development:** Through their efforts to address social issues and enhance community well-being, students play an

active role in contributing to local development and positive change.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

Over the years, since inception, the institution has consistently expanded its infrastructure to accommodate its academic growth, aiming to facilitate an optimal teaching-learning environment. The college is committed to furnishing adequate facilities to support the educational process effectively.

The facilities provided by the college for teaching and learning are comprehensive. This includes well-ventilated classrooms equipped with necessary resources. There are five well-appointed laboratories furnished with advanced equipment. The Home Science department is well-equipped to support practical learning.

Ensuring safety is a top priority, fire safety devices strategically installed throughout the college, particularly in laboratory areas. All departments are equipped with computer and internet facilities, and the college is Wi-Fi enabled. Modern teaching aids such as LCD projectors, digital interactive boards, and printers with scanning capabilities are readily available.

The library boasts an extensive collection exceeding 55,000 reference books and textbooks, along with subscriptions to journals and over 350 e-books. Each department maintains its own dedicated library, enhancing access to subject-specific resources.

To safeguard the well-being of students and staff, the entire campus is under constant CCTV surveillance, with monitoring facilitated from the Principal's office. This comprehensive approach to security underscores the institution's commitment to ensuring a safe and conducive learning environment.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

To foster the holistic development of students, the college offers comprehensive facilities spanning academic, cultural, and sports activities. The Sports Committee, comprising teachers, students, and non-teaching members, orchestrates various sports events year-round, promoting student well-being. These events encompass inter-college sports activities, annual sports, and Yoga Training Programs, all overseen by trained Physical Instructor.

The college cultivates a cultural environment, spearheaded by the Cultural Committee, which includes representation from teachers, students, alumni, and non-teaching members. Throughout the year, a diverse array of cultural events unfolds, ranging from competitions in music, dance, essays, extempore speaking, and debates to one-act plays. Notable occasions such as days are celebrated with fervor.

Recognition for students' talents and achievements is bestowed during the Annual Function Day, where prizes for Annual College Competitions are conferred. These cultural activities unfold in various venues across the campus, including the auditorium and open-air stage.

Enriching these endeavors, teachers and alumni dedicate themselves to training students in cultural programs and competitions, nurturing talent and fostering a sense of community and pride within the college. This multifaceted approach to student development underscores the institution's commitment for providing a well-rounded educational experience that transcends the confines of the classroom.

#### 4.3 - IT Infrastructure

##### 4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

##### 1. Hardware Inventory:

- The college possesses 65 desktops/workstations and 10 laptops.
- Additionally, there are 25 printers and 5 reprography machines situated in the administrative block.
- Equipment includes 7 LCD projectors, 2 Smart TVs, and 3 Smart Classes.
- Allocation of resources includes 2 computers in the IQAC room and 2 in the library block, with the remainder situated in the teaching block.
- Supplementary hardware encompasses computer networking devices, scanners, and interactive teaching boards.

##### 2. Access to Technology:

- Both faculty and students are granted access to desktop systems and laptops.

- This access facilitates engagement in academic projects, practical sessions, and general learning activities.

### 3. Innovative Teaching Methods:

- Teachers employ various innovative techniques such as group assignments and PowerPoint presentations.
- These methods foster collaborative learning environments where students can expand their knowledge collectively.

### 4. Software Infrastructure:

- Computers are supported by 30mbps LAN and Wi-Fi system capable of accommodating 500 users.
- Operating systems include Windows 10, Windows 10 Pro, and Windows 11.
- Office automation packages e.g. Open Office and MS Office, antivirus software, are procured by the college.
- Routine backups are conducted every three months, with regular updates for Windows and antivirus software.
- LAN and network connections are monitored by the provider to ensure optimal performance and security.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The college has established a comprehensive system and protocol for the maintenance and utilization of its various facilities, including buildings, classrooms, furniture, laboratories, library, safe drinking water, and college garden. Responsibility for the management of the entire campus infrastructure is delegated to the respective staff, students, and other stakeholders.

To oversee and ensure the effective functioning of these systems, the college has instituted an active Planning Body, which includes committees such as the Building Committee, Purchase Committee, Library Advisory Committee, Admission Committee, Cultural Committee, Sports Committee, and Examination Committee. These committees are tasked with continuously monitoring and evaluating the status of the college's infrastructure.

The maintenance of college buildings and equipment, including

generators, lighting systems, power distribution, and water supply, falls under the purview of the Building Committee. All maintenance work follows standardized procedures and is carried out through a tender system in accordance with established norms.

Classrooms, laboratories, and ICT facilities are maintained by supporting staff, with cleaning responsibilities supervised by the respective department heads. Additionally, various laboratory instruments, machines, Smart Class Rooms, UGC Network Resource Center, and related systems are maintained through Annual Maintenance Contracts, ensuring their optimal functioning throughout the year.

**5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms )**

There are several ways our institution facilitates students' representation and engagement in various activities:

- 1. Establishment of Student Council:** Student Union and Similar councils like Eco Club, Grievance Redressal Cell, and Departmental Association Cell allow students to democratically elect representatives at various levels, who can advocate for their interests and concerns to the administration.
- 2. Clear Processes and Norms:** Define transparent processes and norms for student representation on various administrative and decision-making bodies. This ensures fairness and equity in the selection of student representatives.
- 3. Open Communication Channels:** Provide platforms for students to communicate their ideas, feedback, and suggestions to the administration. This could include regular meetings, suggestion boxes, or online forums.
- 4. Training and Development:** Offer training and development opportunities for student leaders to enhance their skills in leadership, communication, and teamwork. Workshops, seminars, and mentorship programs can be valuable in this regard.

5. **Integration into Curriculum:** Incorporate opportunities for student involvement into the curriculum, such as project-based learning, internships, or service-learning initiatives that allow students to engage with real-world issues.
6. **Supportive Infrastructure:** Ensure that there are resources and support systems in place to facilitate student initiatives and activities. This could include, access to facilities (Sports, Library, Laboratories etc), and guidance from faculty or staff advisors.
7. **Recognition and Rewards:** Recognize and reward students for their contributions to the institution and the wider community. This could take the form of awards, scholarships, or public acknowledgment of their achievements.

**5.4 - Alumni Engagement**

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

1. **Financial Contributions:** Alumni often donate funds to their alma mater, whether through one-time gifts, regular donations, or endowments. These funds can be directed towards scholarships, infrastructure development, research programs, or any other area prioritized by the institution.
2. **Networking Opportunities:** Alumni associations can facilitate networking opportunities among former students, current students, faculty, and staff. This can lead to collaborations, mentorship programs, and even job placements for graduates.
3. **Volunteerism:** Alumni can contribute their time and expertise by volunteering for various initiatives undertaken by the institution. This could include serving on advisory boards, participating in recruitment efforts, or organizing alumni events.
4. **Advocacy and Public Relations:** Alumni serve as ambassadors for the institution, advocating for its interests within their respective communities. They can also help enhance the institution's public image by sharing success stories, achievements, and positive experiences.
5. **Legacy Building:** Alumni associations can help preserve the institutional legacy by documenting and celebrating its history, milestones, and notable achievements. This can instill a sense of pride among alumni and foster a stronger connection to the institution.
6. **Student Support Services:** Alumni can provide support to current students through mentorship programs, internship opportunities, career guidance, and financial aid initiatives. This support can help students succeed academically and professionally.

## **GOVERNANCE, LEADERSHIP AND MANAGEMENT**

### **6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The vision of the college is to become a leading Institute in Uttarakhand by providing learners the optimal ambiance for academic excellence to inculcate synergy, service, and innovation and to promote intellectual curiosity and critical thinking for research and creativity, thereby, leading to the development of leadership qualities for diverse and global society and nurturing entrepreneurship. For the accomplishment of the vision and the mission of the college the faculty develops and implements the quality policy and plans. The Governing Body of the college works in close collaboration with the Principal to regulate and maintain an amicable and scholastic environment required for this purpose. The Principal as the Head of the Institution along with the members of the Teaching and Non-Teaching staff implements the decisions and policies of the management. The Teachers' Council and Academic Sub-Committee meet regularly to discuss and further implement important decisions regarding the academic and co-curricular activities of the college. The institution strictly adheres to the Academic calendar to accomplish its objectives. Moreover, under the guidance and leadership of IQAC, all Faculty members actively participate in designing and implementing the strategic action plans, as well as maintaining an eco-friendly green, and clean college campus.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

Various administrative roles are extended to all staff members by the college, thus, encouraging and following the culture of decentralization and participative management. The governing Body of the college has representatives from various stakeholders such as Government, University, society, teaching staff, administrative staff, and the students. Through the decentralization of the Principal, Coordinator IQAC, Heads of the Departments, teaching faculty, and administrative staff participative management is achieved. Before the commencement of every academic year, various college committees comprising teachers, non-teaching staff, and students are formed by the Principal. Some committees are statutory and the rest are formed for good governance. IQAC does the planning and evaluation for quality assurance in the College and organizes meetings periodically throughout the year. IQAC plays an important role in monitoring academic and administrative activities. The regular activities of the college are carried out through various committees like admission, academic, routine, examination, finance, purchase, library, students aid fund, etc. A report of every activity is prepared by each committee and placed before the Principal for suggestion(s). Our institution practices such as decentralization can be seen by the committee such as-

## 6.2 - Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The College adopts a participative and effective approach in formulating its strategic plans. Central to this process is ensuring clear communication to all stakeholders within the institution, including administrators, faculty, staff, students, and other relevant parties. It is imperative that everyone comprehends the plan's vision, objectives, and their individual roles in its execution. Moreover, the strategic plan is carefully aligned with the institution's values and culture to mitigate any potential conflicts during implementation. Resources, encompassing financial, human, and technological aspects, are allocated strategically to support the initiatives outlined in the plan. Empowerment and engagement of stakeholders at all levels are prioritized, fostering a sense of ownership and commitment to their respective responsibilities within the plan. Regular feedback sessions and surveys are utilized to solicit input and ensure ongoing engagement. A well-defined timeline with specific milestones is established to guide the implementation process, facilitating accountability and progress tracking. Additionally, setbacks or deviations from the plan are viewed as opportunities for learning and improvement. Through thorough analysis and adaptation, the institution endeavors to refine its strategies and enhance its effectiveness in achieving its strategic objectives.

### 6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The College adheres to the Academic Performance Indicator (API) framework outlined in the UGC regulations of 2018 to assess the performance of its teaching staff. Annually, the Internal Quality Assurance Cell (IQAC) collects API forms from faculty members for evaluation. The assessment involves the Principal, academic sub-committee Convener, and Coordinator of the IQAC, who review the

faculty's performance across three categories: Teaching, Learning, and Evaluation-Related Activities; Professional Development, Co-curricular, and Extension activities; and Research and Academic Contributions. Based on the API assessment, necessary actions are taken to enhance performance.

To ensure continual improvement, review meetings are conducted each semester to assess the Teaching-Learning and Evaluation Process, students' attendance, Library usage, and faculty performance. These meetings involve students, Heads of Departments, and faculty members, with steps taken to address areas needing improvement.

Students' feedback is valued and collected through online surveys at the end of each academic year, focusing on Teaching, Learning, and Evaluation Processes. This feedback informs further enhancements and implementations in teaching methods.

Furthermore, the performance of non-teaching staff is evaluated by the Principal, considering their overall contributions within the campus. Informal mechanisms such as suggestion boxes are also utilized to gather student feedback on the quality of services provided by staff members. These comprehensive evaluation and feedback mechanisms underscore the college's commitment to maintaining and enhancing academic excellence and institutional effectiveness.

## 6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The Institution operates with a transparent and meticulously planned financial management system, primarily supported by funds from the

State Government and the University Grants Commission (UGC). Oversight of financial transactions is conducted by an Internal Auditor, who diligently reviews various records including the daily petty cash register, receipts, cash vouchers, bank vouchers, and journal vouchers. Additionally, the Internal Auditor verifies the Student's fee collection register, Bank Reconciliation statements, and purchase bills for equipment, chemicals, glassware, and printing materials. Their periodic visits assist the office accountants in maintaining accurate and error-free accounts throughout the year.

At the culmination of each financial year, the Internal Auditor compiles an audit report along with a utilization certificate, which is then submitted to the Government and UGC for review. External auditing is conducted by an auditor appointed by the Director of Public Instruction, Higher Education Department, Uttarakhand. The external audit team meticulously examines all financial documents pertaining to the utilization of public funds by the College. Following this scrutiny, any clarifications or necessary corrections are addressed, ultimately resulting in the settlement of final accounts.

In essence, the Institution's financial management system is characterized by transparency, accountability, and thorough oversight, ensuring the responsible and effective utilization of funds for the institution's operations and development.

#### 6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

Our college is seeking to mobilize funds and optimize resource utilization, several institutional strategies can be considered:

1. **Diversification of Revenue Streams:** Explore diverse sources of funding beyond tuition fees, such as alumni donations, and grants from local government funding opportunities.
2. **Strategic Budgeting and Financial Planning:** Implement rigorous budgeting processes that align with institutional goals and prioritize spending based on academic priorities. Regularly review financial performance and adjust resource allocation accordingly to ensure optimal utilization.
3. **Efficient Facilities Management:** Optimize the use of existing facilities by scheduling classes and events efficiently. Consider renting out facilities during non-academic hours for community events or workshops to generate and maximize resource utilization.
4. **Investment in Technology:** Embrace cost-effective technologies such as online learning platforms, digital library resources, and administrative software to enhance operational efficiency and reduce administrative costs.
5. **Resource Sharing and Collaboration:** Explore collaborative arrangements with other educational institutions or community organizations to share resources such as libraries, laboratories, or faculty expertise. This can optimize resource utilization and reduce operational costs.
6. **Grant Writing and Fundraising:** Develop a proactive approach to seeking grants from government agencies, foundations, and philanthropic organizations. Invest in professional grant writing expertise to increase the success rate of securing

external funding.

7. **Continuous Improvement and Monitoring:** Implement a culture of continuous improvement by regularly assessing institutional performance metrics related to financial sustainability and resource utilization. Use data-driven insights to identify areas for improvement and make informed decisions.

### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The Internal Quality Assurance Cell (IQAC) serves as a cornerstone in fostering and institutionalizing quality assurance mechanisms and advancements within the institution. It contributes significantly through various avenues:

1- **Formulating Quality Policies:** IQAC takes charge of formulating and executing quality policies and protocols that resonate with the institution's overarching vision and mission. These policies serve as guiding principles in upholding and enhancing the quality standards across educational and service provisions within the institution.

2- **Facilitating Accreditation and Quality Audits:** IQAC streamlines the institutional accreditation and quality audit processes. It prepares the institution for external evaluations by coordinating data collection, compiling self-assessment reports, and addressing recommendations put forth by accrediting bodies.

3- **Continuous Monitoring and Assessment:** IQAC diligently monitors multiple facets of the institution, encompassing academic programs, pedagogical methodologies, research endeavors, infrastructure, and student support services. Regular evaluations aid in pinpointing areas necessitating improvement and enacting requisite changes.

4- **Embracing Best Practices:** IQAC advocates for the adoption of

exemplary practices in higher education. It benchmarks the institution's performance against industry peers to identify avenues for enhancement and implement innovative strategies.

5- **Soliciting Student Feedback and Addressing Grievances:** IQAC systematically collects and evaluates feedback from students, faculty, and other stakeholders. Additionally, it spearheads grievance redressal mechanisms, ensuring prompt resolutions to enhance the overall student experience.

6- **Strategic Planning Involvement:** IQAC actively engages in strategic planning endeavors, contributing insights and expertise to steer the institution towards its long-term goals and objectives.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

The Internal Quality Assurance Cell (IQAC) conducts continuous reviews of the teaching-learning process within the college, employing various methodologies:

1. **Semester-wise Discussions:** Heads of Departments (HODs) and faculty convene with students to discuss aspects such as the teaching-learning process, evaluation methods, learning outcomes, curriculum content, library resources, and class attendance.
2. **Continuous Assignments:** Departments regularly assign diverse types of continuous assignments to gauge learner progress. Teachers closely monitor academic advancement and identify any challenges students may encounter.
3. **Examination Result Analysis:** IQAC scrutinizes University Final Examination results (for both undergraduate and postgraduate levels) to assess learning outcomes and ascertain student

achievement levels.

4. **Student Feedback Analysis:** IQAC collects, evaluates, and compiles reports on student feedback regarding the teaching-learning process and overall satisfaction. These reports are presented to the relevant authorities, enabling necessary actions to be taken. The principal ensures that departments discuss the findings and implement corrective measures as needed.
  
5. **Pre-Academic Session Meeting:** Prior to the commencement of each new academic session, a meeting is held involving the Principal, academic sub-committee convener, IQAC coordinator, and all HODs. This gathering focuses on discussing academic policy decisions that have been made.
  
6. **Submission of Annual Quality Assurance Reports (AQAR):** IQAC submits its AQAR consistently for the past decade, providing a comprehensive overview of quality assurance activities and outcomes over the years.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

#### 7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The college implements various measures to promote awareness and ensure gender equality, including:

i) Annual celebration of International Women's Day. ii) Organization of seminars and awareness programs addressing gender-related issues. iii) Installation of surveillance cameras at multiple locations on campus to enhance safety and monitor suspicious activities. iv) Employment of security guards to safeguard the premises and prevent unauthorized access. v) Establishment of an Internal Complaints Committee tasked with addressing student grievances and taking necessary actions. vi) Adoption of a zero-tolerance policy towards sexual harassment of women within the institution. vii) Establishment of an Anti-Ragging Cell to prevent incidents of ragging or harassment among students. viii) Assignment of lady teachers to accompany students on outfield visits such as study tours, industrial visits, and field studies to ensure the safety of female students. ix) Provision of counseling services to assist students in addressing academic, social, and personal challenges, with teachers offering support and guidance.

These initiatives collectively aim to foster a safe, inclusive, and supportive environment for all students, irrespective of gender, while actively promoting gender equality and addressing related issues.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

The institution recognizes the critical importance of waste management in safeguarding the environment and public health. To address this concern, various measures have been implemented to ensure proper waste disposal and recycling, accompanied by initiatives aimed at raising awareness among students.

**Solid Waste Management:** Dedicated bins for solid waste collection are strategically placed across the institution's premises. The Kashipur Nagar Nigam regularly collects solid waste every morning, ensuring its proper disposal.

**Liquid Waste Management:** Liquid waste generated, particularly in the chemistry laboratory, is responsibly disposed of through designated channels. A well-maintained drainage system efficiently directs sewage into larger drains outside the campus, preventing any accumulation of liquid waste within the premises.

**E-Waste Management:** Awareness campaigns targeting both students and

staff emphasize the importance of disposing of personal e-waste appropriately. Special bins are provided to facilitate the disposal of electronic waste, encouraging responsible handling and recycling practices.

These comprehensive waste management efforts underscore the institution's commitment to environmental stewardship and fostering a culture of sustainability among its stakeholders.

## 7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Our College is one of the premier institutions catering to the educational needs of the students mostly coming from underprivileged

sections of the society. The college has made serious efforts to improve the social connectedness of our students and faculty members through various initiatives. 1. Clean and Green Campus: The Staff and Students of NSS/NCC carry out the swachhta activities on the campus..2. Plastic-free campus drive by introducing cloth bags, paper bags, paper plates, and earthen pot inthe campus.3. Maintenance of taps, cisterns & water pipes is done regularly. 4LED lights are used in the college building.5. Popularization of Science and Englishthrough Digital Platforms: Faculty members and students of science and humanities have taken the initiative to popularize science and English language andliterature, linguistics and communication skillsthrough digital platforms. In this connection youtube lectures,webinars,seminarsand activities (both online and offline modes) have been organized to make these events a big success. Details have also been posted on the youtube channels to popularize these events. For instance, some links are mentioned below:
