Good

Need job oriented courses and more emphasis on practical aspects

College is on going process of development

Teaching learning programs needs to be implemented again and again

Give teacher more freedom to prepare and implement curriculum

No matter how long you have been in the profession, educators always want and need to improve .

My personal views to improve the Academics is....

*Self assessment document for every academic year

*Self study document for students

*Develop interest towards gardening, agriculture, floriculture, mushroom cultivation by small work shop or hand skill program's.....

My personal views to improve the Academics is....

*Self assessment document for ever session

*Self study document for students
