## Action taken report on Feedback (2023-24)

The primary goal of stakeholder feedback collection is to gather actionable data to enhance the institute's teaching, learning, and infrastructure. This feedback survey allows students, faculty, parents, and alumni to share their perspectives on the curriculum, infrastructure, and overall college operations. For the 2023-2024 academic year, feedback was collected via Google Forms from undergraduate and postgraduate students, faculty, parents, and alumni, encompassing various aspects of the college. The IQAC core committee thoroughly reviewed stakeholder suggestions and feedback, and appropriate actions have been implemented.
