

### **7.3.1 COLLEGE DISTINCTIVENESS**

Our college's unique geographical location allows us to serve the most diversified student population in terms of area, religion, and socioeconomic status. The college is located at Kashipur; most transitional and important city of Uttarakhand, where the plains meet the hills, the well-famed Tarai agriculture sector meets the industrial sector, and where a least populous state of ours meets to the most populous state, Uttar Pradesh. There is a good representation of all religious groups, as well as various socio-economic categories in the population.

The unique location and social set up give us the most diversified student populace coming from all walks of life and enhances our college with their experiences and perspectives. Similarly, our college develops such instruments to meet the wants and requirements of such a large, diversified student body. A single methodology and pedagogy will not benefit our college. As a result, our college is well-equipped and knowledgeable about various teaching approaches, awareness initiatives, scholarship opportunities and student support systems to cater diverse student profile.

- In the present academic session (2024-25) a total of 6496 students are enrolled, out of this 2494 (38.4 %) are male students and **4002 (61.6 %) are female students**. A female dominated higher educational institution (FDHEI).
- A total of 1962 students (30.2 %) come from minority section of the society, in which **1639 (25.23 %) students belong to Muslim community**, 316 (4.86 %) students belong to Sikh community, 04 (0.06 %) student belong to Christian community and 02 (0.03 %) student belong to Jain community.
- Total of **307 (4.7 %) students from other state** enrolled in our college, which of them mostly belong to our neighboring state Uttar Pradesh and very few are from Delhi, Haryana and Panjab.
- Total of **688 students (10.59 %) are facilitated with various Scholarships**. 315 SC, 07 ST, 287 OBC and also 16 EBC (Economical Backward Class) students are covered under various

state and central scholarship schemes. Remaining, 63 meritorious students are covered under CM Scholarship Encouragement Scheme.

Colleges use a variety of tools to bridge the gap between students with varied geographical, social, economic and religious backgrounds.

1. Because the primary goal of college is to educate students, universities use student-friendly and adaptable teaching methods.
2. To attract economically disadvantaged students, we charge a very low annual fee structure for all students.
3. Make provisions for student uniforms to mitigate the impact of the family's financial situation.
4. Providing sufficient scholarships based on social and economic backgrounds, as well as for meritorious students.
5. Organizing cultural, sports and awareness programs to bridge gender, caste, and religious differences among pupils.
6. Provide correspondence courses through IGNOU and UOU for working students.

Although, the state has a fair amount of cities that are plush with all state-of-the-art amenities and crowd from other parts of the country, however, this could not take the people of Uttarakhand away from their culture and traditional values. The culture of Uttarakhand still revolves around its traditional ethics, moral values, the simplicity of nature and a rich mythology.
