Subject: Vision Document/proposal for the Master Plan of RHGPGC Kashipur

Dear Sir,

With due regards, I want to state that, as you are aware about the preparation of Master Plan for future construction and infrastructure in the campuses of Government Colleges/Universities of Uttarakhand is in process. Through attending various online and offline meetings under chairmanship of Hon. Secretary Higher Education Uttarakhand, a vision document has been prepared for infrastructure necessity in this college in view of existing programmes and courses for effective implementation of NEP. This document has been prepared in tune with the directions and intentions received during various meetings in HE Uttarakhand and have been discussed with college IQAC and building committee. College activities have been divided zone wise and building wise. The document has following sections:

- 1. Priority List of Future Construction in RHGPGC Kashipur (zone-wise building with purpose, faculty and subject wise sanctioned strength, tentative requirements and facilities in the building with justification.)
- 2. Present status of existing buildings (name of building, year of construction with enclosed proof, ground area of construction, present status of building and further recommendation)
- 3. The buildings under construction

Kindly accept the proposal during finalization of Master Plan of our college and submitting the proposal for new construction.

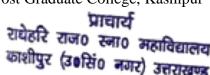

Sincerely Yours

Prof. Sumira Srivastava

1. Priority List of Future Construction in RHGPGC Kashipur

S.N.	Name and	Sanctioned	Subjects and no of	Tentative requirements/facilities	Justification
	purpose of building with identified zone	students number in each semester	students in each semester		
1	Examination Block (Already sanctioned with G+1 structure) Academic zone	Total Sanctioned seats 9360	Present no.of students 7000	 Space for 500 capacities of students. Provision of 100 Computers for online examination. 	Presently, examination block is sanctioned for G+1 layout with 182 students. College needs more floors for increasing the capacity of students.
2	Science Block (UG+PG) Proposed in PMJVY (May 2025) (Academic zone)	Science Faculty UG:PCM-240 UG:ZBC-240 PG: 36 in each subject PG Math: 96 Max UG-1440 Max PG-480 Max Total-1920	Physics, UG-240; PG-36 Chemistry UG-480; PG-36 Zoology UG-240; PG-36 Botany, UG-240; PG-36 Math UG-240; PG-96	For each subject: HOD room, Staff room, lab assistant room, research scholar room, six labs with stores, 02 departmental PG classrooms. Of UG classrooms, One conference room, workshop, one girls' common room, one computer lab and separate wash rooms for girls, boys and staff.	At present, there are only 02 labs in each department. There are no PG classrooms in the department. The available classrooms have capacity of 45 students only, while the no of sanctioned and admitted students are more. The existing building is of 1978 and is in very shabby condition. The available space is inadequate for teaching learning and research activities. Therefore college needs a new building to impart quality teaching and research activities for effective implementation of NEP.
3	Commerce Block Proposed in PMJVY (May 2025) (Academic zone)	Commerce Faculty UG:480 PG:96 Max UG-1440 Max PG-192 Max Total-1632	Commerce	HOD room, staff room, research scholar room, 06 classrooms, 02 labs with store, 01 conference room, 01 girls' common room, separate washrooms for girls, boys and staff.	The existing commerce building was constructed in 1969 and due to poor condition of building, it is vacant now for safety purposes of students. Presently, commerce building is running in arts block in only two rooms. With a large students' number, college needs a new building for commerce faculty for teaching, learning and research activities and effective implementation of NEP.

Affiliated to Kumaun University, Nanital, Uttarakhand

4	Arts faculty building May be proposed for SASCI (Academic zone)	Arts Faculty Max UG-4800 Max PG in History-192 Max Total-4992	History UG-480; PG-96 Education UG-480 Home Science UG-480 Sanskrit UG-480	04 HOD rooms, 04 staff rooms, 06 labs (education and home science), 02 PG classrooms for History, at least 09 UG classrooms. 01 research scholar room, 01 conference room, 01 girls' common room, separate washrooms for girls, boys and staff.	Presently, college has only one building (G+1) for arts faculty having 09 subjects. There are no labs in education and home science department. Only one PG classroom is available to each PG subjects, while 02 PG classrooms are required in each subject. The available staffrooms and classrooms are small in size with inadequate space. Therefore, college needs one more building for arts faculty to create enough infrastructures in each subject for quality improvement in teaching, research and extension activities.
5	Library building (with academic facilities for students) (Academic zone) May be proposed for SASCI	and Commerce	16 subjects (13 PG and 03 UG)	 Library reception, Librarian office, space for keeping bags outside the library, 03 book issue counters, space for books almira/rack, separate reading space for UG, PG, research scholars and faculty, at least 45 computers section for egranthalaya, one seminar hall, separate washrooms for girls, boys and staff. Career counselling and placement cell Scholarship cell SC/ST cell GATE/NET coaching IPR cell 06 classrooms to facilitate above activities. 	 Though library is the backbone of learning environment if HEI, presently college has no separate building for library. Having, three faculties, 16 subjects and about 60,000 books, library are running in only two rooms in administrative building. It has no space for reading hall, no section for research scholars and faculty members, and no space for computer access in the library for online content access and elibrary. Due to overall inadequate space in the college, it is not possible to provide separate space to different cells to facilitate co-curricular activities. It is planned to propose space for such activities in library for students' support. Hence, college needs a separate building for library and co-curricular activities.

Affiliated to Kumaun University, Nanital, Uttarakhand

	1		1			
6	Sports and recreational building with canteen and health centre (Indoor games and NSS, NCC, Rover-ranger, YRC, Cultural etc.) Recreational Zone	7000 students	 NCC-2 unit NSS-2 unit Rover-ranger-2 unit Youth Red Cross-02 unit Anti-drug cell Cultural cell (60-100 students in each unit) 	 Sports facility for Table tennis, badminton, weight lifting, yoga, gym, sports office, 04 rooms for storage of sports items. 12 offices, each having one store and one classroom for different units of NSS, NCC, Rover, Ranger, YRC, anti-drug cell and cultural cell. Students' Union room Students' Union office Disaster management and first aid room. Health centre Canteen area in separate space 	•	Presently college has no space for indoor games like, table tennis, badminton, weight lifting etc. There is not adequate space for storage of sports equipments. College has inadequate space for extracurricular activities. Hence such activities are running in different buildings without proper arrangement. Since all such extension, outreach and social activities are collaborative efforts, those cells need common building.
7	Administrative building (Academic Zone)	Administrative staff -20	Principal office staff and administrative cells	 Reception area with adequate space for visitors sitting space Principal office with retiring room, pantry and wash room (staff sitting capacity of 30) Principal's Visitors' waiting room Meeting/conference room of 200 capacities. 8 separate offices for office staffs (class 02 and 03). ICT Cell Record room 02 stores Proctorial board office ICC office IQAC office (capacity of 20 	•	Existing administrative building was constructed in 1978, 45 years old. This building is in very shabby condition. The old electricity line, water pipelines and wash rooms get damaged in regular manner. The roof has drainage problem and is damaged. Therefore, there is dampness in the whole building. The doors and windows are in defective position. The outer face of building looks damaged. There is insufficient space for office, record keeping, ICT cell, etc. The principal office is small without retiring room and visitors' room. No space for ICC, Proctor and research cell office. Therefore, a new building is required for

Affiliated to Kumaun University, Nanital, Uttarakhand

8	Auditorium	Capacity of 500 +	persons) with record room. Research cell office First aid room Separate male and female wash rooms for staff and visitors Reception area 04 Exhibition area	 administrative block. College has no closed space for gathering of more than 100 students. With college
	Recreational Zone		 Main hall with all modern facilities of an auditorium of capacity 500+ 02 preparation/practice rooms with store 01 room for sitting of special guests. Dining space in hall Dining space in room for special guests (40 capacity) Pantry 02 small seminar halls, each of 100 capacity Separate washrooms 	students' capacity of 7000, it is impossible to address more than 100 students at a time. • College has no space to organize International/national seminars, workshops and training programs. Such programs are part of teaching and research activities. • Such programs are required for holistic development of students. • The existing auditorium in the college was constructed in 1980 and 45 years old. Building is in shabby condition with dampness and has no facility.
9	Multi skill building Academic Zone		 Language lab with office and store Virtual lab with office and store AI lab with office and store Incubation centre with office, lecture hall and store Skill development cell office 08 Extra rooms/labs for future expansion of specific skill facility/research lab. 	 College has no facility/building for such activities. NEP focuses on skill development, digital learning, and entrepreneurship. To create specific research lab facilities extra labs are required. For effective implementation of NEP, such facilities are required. In the master plan, skill development centre/building is adjacent to science

Affiliated to Kumaun University, Nanital, Uttarakhand

			Instrumentation centreSTEAM Lab	block, therefore few science research activities may be performed here.
10	Boys Hostel Residential zone Residential	Sanctioned	 Reception area Rooms for boys (01 bed, 01 almira, 01 chair, 01 table, 01 rack for each student) Warden quarter Warden office-02 Recreational room Reading room Visitors waiting room Mess area Kitchen Washing area for students with washing machine Store rooms-02 01 Type V for principal 	 College has 4% students from other states and 30% students from other districts. They need hostel for study. The existing boys hostel is of 1980 and is in very shabby condition. It is beyond renovation.
	buildings Residential zone	Numbers Principal-01 Teachers-58 Class02 -02 Class 03 -16 Class 04-28	 Of Type V for principal 16 Type IV for teachers 08 Class II and III employees 16 Class IV employees Guest house-08 rooms 	 The existing residential building (1980) is in very poor condition and beyond renovation. Therefore new buildings including guest house building are required.
12	Multipurpose building	IGNOU, UOU, Professional courses (Yoga and tourism), B.Ed. One multipurpose hall, 06 extra rooms for specific requirement of any	 IGNOU: 02 offices, store, 04 classrooms for counselling Uttarakhand Open University: 02 offices, store, 04 classrooms for counselling Professional course MA Yoga and PG Diploma Yoga: 01HOD 	 Multipurpose building is required to accommodate distant and professional courses. It may be used for new programs as well. Presently college has individual one room set for each program, scattered in campus in poor manner.
